

A Short History and Description of the Town of Alton in the County of Southampton (Classic Reprint)

The present work is largely the outcome of an attempt to write a short history and description of Alton for the Mechanics Institution, but I soon found that the materials began to accumulate, and proved so numerous, that I ventured to bring them together in book form. Only one small sketch of Alton has appeared in print before, so far as I am aware, and that was written by Mr. Hy. Smith, and published in the Town in the year 1873. My information has been obtained from very varied sources, from the British Museum, Record Office, and Lambeth Palace Library, from many Authors, amongst whom may be mentioned, T. G. Shore, Esq., Rev. G. N. Godwin, The Hampshire Record Society's Publications, the Church and Parish Books and Registers, etc. Many friends have also rendered me most kind and valuable assistance, for which I beg to tender them my most grateful thanks ;amongst whom I should like to mention the Rev. T. Hervey, Colmer ;Rev. F. Whyley, Alton; Rev. J. Vaughan, Portchester, Rev. H. E. Victor, Brighton ;Frederick Crowley, Esq., Ashdell, Alton; and Benjamin Winstone, Esq., Ockeridge, Epping; and many others too numerous to mention.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
