

## A Husband for Helen

Unhappy with the management of the estate she was to inherit, yet powerless to intervene, Helen knew her property would pass to her husband when she married. So she began to look for a fortune-hunter, the kind of man who would be content to let her dismiss her agent and manage the property herself. But it was not easy to find a fortune-hunter of the kind she wanted, especially when an enemy was determined to thwart her plans.
