

Autumn for Dragonflies: First Dance

Mary Lakas is a young woman eager to make her mark in the world of science. At the prestigious Marsh University, Mary finds success in the field of physics and experiences first love with Mark Wu, a sweet, caring biologist. But a tragic event from Mary's past draws her to the world of music and into the arms of a passionate but grieving musician, James Byron. Will Mary follow her head and pursue her dream of becoming a scientist, or will she follow her heart and find her true passion? Autumn for Dragonflies, First Dance is the first book in a three book series about faith and the courage to find love after loss.
