

The SA 1921-45 : Hitlers Stormtroopers (Men-At Arms Series, 220)

In 1919 Adolf Hitler joined the tiny German Workers Party (DAP) in Munich, becoming its leader the following year and adding National Socialist to its title. Thus the NSDAP, popularly known as the Nazi Party, was born. All political parties had strong-arm squads to protect their meetings from disruption by rivals, and the NSDAP was no exception. In August 1921 ex-naval Lieutenant Hans Ulrich Klintzsch took command of the NSDAPs Defence and Propaganda Troop which, the following month, was renamed the SA (Sturmabteilung = Storm Detachment). David Littlejohns fine text examines the history, uniforms and insignia of Hitlers stormtroopers prior to and during World War II.
